

Plasma Processing Science

Many Scales, Many Applications, One Discipline

July 26 – August 1, 2014

Bryant University, RI, USA

Session Topics

- Will We Ever Control Plasmas?
- Plasma and Surface Chemistry at extreme scales
- Plasmas and nano-materials
- Dynamics of high power impulse plasmas
- Plasma modeling
- Plasma medicine
- Plasmas and liquids
- Demystifying Dielectric Barrier Discharges
- Plasmas for Energy Production and Storage

Chair: Jane Chang
UCLA

Vice Chair: Achim von Keudell
Ruhr University Bochum
